**FOR IMMEDIATE RELEASE**

## **FGIC Comments on Moody's Announcement of Rating Review**

**December 14, 2007 – New York, NY** – FGIC Corporation, the parent company of Financial Guaranty Insurance Company, today commented on a December 14, 2007 announcement by Moody's Investors Service that it has placed FGIC's 'Aaa' insurance financial strength rating on review for possible downgrade. Moody's indicated that their review of FGIC's ratings for possible downgrade will focus on assessing the capital remediation plan FGIC is now pursuing and the plan's ultimate effectiveness in restoring FGIC's capital adequacy to levels consistent with a 'Aaa' rating and that their review is expected to conclude over the next few months. Moody's indicated that they would likely confirm FGIC's 'Aaa' rating to the extent that FGIC is able to rebuild its capital position and adequately address FGIC's capital adequacy shortfall under Moody's capital models.

The Company has developed, and is actively pursuing, a comprehensive plan to enhance its capital resources. This plan is intended to satisfy, and create an adequate cushion in excess of, Moody's triple-A capital requirements, as well as those of its other rating agencies, Standard & Poor's and Fitch Ratings. The Company's investors have voiced their support for the plan and their commitment to maintaining FGIC's triple-A ratings. However, the Company can give no assurance that the plan will be implemented to the satisfaction of all rating agencies in a timely manner.

Moody's also placed FGIC UK Limited's 'Aaa' insurance financial strength rating and FGIC Corporation's 'Aa2' senior unsecured debt rating, on review for possible downgrade.
